ExxonMobil

AP/E SN 500

ExxonMobil Basestocks , South Korea

Product Description

SN base stocks by ExxonMobil are designed to provide Group I base stocks in addition to the AP/E CORE Group I slate, offering broad blending coverage with performance capabilities in a broad range of lubricant applications.

ExxonMobil's SN base stocks offer additional availability of Group I products, providing supply chain flexibility. ExxonMobil follows rigorous processes to ensure reliable delivery of consistent quality base stocks so customers can be confident in their base stock supply.

All products may not be available in all countries. Every care has been taken in the preparation of this information. Typical values may vary within modest ranges and specifications may be subject to change. To the extent permitted by applicable law, all warranties and/or representations, express or implied, as to the accuracy of the information are disclaimed, and no liability is accepted for the accuracy or completeness of the same.

ExxonMobil is comprised of numerous affiliates and subsidiaries, many with names which include Esso, Mobil, Exxon, or ExxonMobil. For convenience and simplicity, the term ExxonMobil may be used to represent all of these entities, and the products and services provided by those entities. Nothing in this brochure is intended to override or supersede the corporate separateness of local entities. Responsibility for local action and accountability remains with local ExxonMobil-affiliated entities.
