

Mobil™ Advanced Radiator Protection Ready Mixed

Mobil Passenger Vehicle Lube , Australia

Ready to use Pre-diluted Coolant/Antifreeze

Product Description

Mobil™ Advanced Radiator Protection Ready Mixed is an economical pre-diluted corrosion inhibitor for the radiators of cars, trucks and other water-cooled petrol and diesel engines which provides anti-freeze protection down to -4°C. Coloured green.

Mobil Advanced Radiator Protection Ready Mixed is recommended for areas where water quality is too poor to use a concentrate. Based on silicate-free aliphatic additive technology it is suitable for a wide range of vehicle cooling systems.

Where a higher level of anti-freeze protection or service life is required, Mobil™ Advanced Anti-freeze Concentrate or Mobil™ Advanced Coolant Ready Mixed is recommended.

Features and Benefits

Recommended service life:

Application*	Maximum service intervals are the lesser of
Passenger Car and Light Commercial Petrol and Diesel Vehicles	4 years or 120,000 km
Heavy Duty Diesel Engines	4 Years or 150,000 km

*Refer to your vehicle service manual for coolant requirement.

Applications

Product is recommended by ExxonMobil as suitable for use in applications requiring AS 2108:2004 Type B.
