Mobilfluid™ 125

Mobil Industrial, Germany

Extra High Performance Power Transmission Fluid

Product Description

Mobilfluid 125 is an extra high performance power transmission fluid that is formulated for use in hydrodynamic gears and hydraulic systems typically found in ramarine, construction, and industrial applications. It is formulated using high performance basestocks and advanced additives to deliver the precise performance re to transfer power responsively. Mobilfluid 125 is engineered to withstand the stresses of heavy-duty, low and high speed applications in a wide range of severe open vironments.

Features and Benefits

The use of hydrodynamic gear systems and hydraulic control systems depends on high performance fluids to achieve consistent and responsive control and efficie the equipment. These systems operate under high pressures and temperatures that can cause deposits in control valves where precise control of torque converte hydraulics takes place. The key benefits of Mobilfluid 125 include:

Features	Advantages and Potential Benefits	
Good wear protection	Extended component life, increased productivity, and I maintenance costs	
Effective resistance to thermal degradation and oxidation	Significant reduction in harmful lacquers, deposits, and sludge Maintains power transfer and good control response Extends oil service life	
Good low temperature properties	Easy start-up and responsive hydraulic control	
Effective rust and corrosion protection including long stoppages in wet or humid ambient conditions	Reduces wear with reliable equipment start-up and lower mainter costs Delivers optimal hydraulic response and power transfer Maintains fluid film for improved lubrication	
Excellent air release properties eliminate foaming problems		
Compatible with seals and gasket materials used in these systems	Reduced fluid leakage, pressure losses, and contamination	

Applications

Recommended by ExxonMobil for use in:

· Fluid couplings and drives, torque converters, and hydraulic control systems used in railroad, marine, construction, and industrial applications

Specifications and Approvals

his product has the following approvals:		
Voith Turbo 120.00059010		

Properties and Specifications

Property	

Mobilfluid™ 125 Page 2 of 2

Property	
Grade	ISO 32
Density @ 15 C, g/cm3, ASTM D4052	0.878
Flash Point, Cleveland Open Cup, °C, ASTM D92	225
Kinematic Viscosity @ 100 C, mm2/s, ASTM D445	5.3
Kinematic Viscosity @ 40 C, mm2/s, ASTM D445	30
Pour Point, °C, ASTM D97	-30
Viscosity Index, ASTM D2270	104

Health and safety

Health and Safety recommendations for this product can be found on the Material Safety Data Sheet (MSDS) @ http://www.msds.exxonmobil.com/psims/psims.as All trademarks used herein are trademarks or registered trademarks of Exxon Mobil Corporation or one of its subsidiaries unless indicated otherwise.
