

Mobilube™ FE Plus NG 75W-85

Mobil Passenger Vehicle Lube , France

Fully Synthetic Automotive Axle Oil

Product Description

Mobilube™ FE Plus NG 75W-85 is a hypoid gear oil formulated from high performance base oils and an advanced additive system. This product has been spec engineered for use in Mercedes Benz passenger car axles and other applications specified by MB 235.7, MB 235.74 or MB 239.71.

Features and Benefits

Today's drivetrain applications place higher performance demands on lubricants. Higher speeds, higher torque and heavier loads require improved formulati maximise equipment life and optimise operating costs. Longer service intervals place additional demands on the gear lubricant requiring effective basestock and a systems. Mobilube FE Plus NG 75W-85 is engineered to meet these challenges. The key benefits include:

Features	Advantages and Potential Benefits
Good thermal stability and resistance to high temperature oxidation	Long gear and bearing life due to minimal deposits
Excellent rust and corrosion protection	Long seal life
Good low temperature lubrication	Long component life
Low SAE Viscosity Grade and enhanced frictional properties	Reduced wear at start-up and ease of start-up
	Optimised axle efficiency
	Fuel economy potential

Specifications and Approvals

This product has the following approvals:
MB-Approval 235.7
MB-Approval 235.74
MB-Approval 239.71

Properties and Specifications

Property	
Grade	SAE 75W-85
Flash Point, Cleveland Open Cup, °C, ASTM D92	204
Kinematic Viscosity @ 100 C, mm ² /s, ASTM D445	11.9
Pour Point, °C, ASTM D97	-54
Viscosity Index, ASTM D2270	176

Property	
Brookfield Viscosity @ -40 C, mPa.s, ASTM D2983	40800
Kinematic Viscosity @ 40 C, mm ² /s, ASTM D445	67.2
Density @ 15 C, kg/m ³ , ASTM D4052	854
